## Loss Control System (Client Access)

*Protecting Our Global Community of Customers.*

### Taurus Client Access

Taurus is TMA's Loss Control Risk Management Information System. This is a web based application that provides our Clients with the ability to View and Manage all of their Loss Control related data and documentation. It also allows for Client/TMA interaction through document exchange and technical support. Taurus Client Access is provided as a value added service at no additional cost.

### Resources
